---

**Hello All:**

Except for pumping water on 11/26, 11/28, and 12/1, we will be taking a break for Thanksgiving. I would appreciate it if you could let the HPD Officers working this area to provide drivebys during the day and night to patrol the area. Those people authorized to be on the site are SWS Environmental Services (Frank Cannon, Jose Hernandez, Miguel Saenz, and Erik Coronado) and Weston Solutions. We will resume full cleanup activities on 12/2.

**Wastes Removed Off-Site: VB640, VB610, VB633, VB639, VB618, VB618, VB406, RO620, TT407, TT408, FT1001, FT1002**

**ASTs: WMU123, OT2 (Liquids), OT3 (Liquids), OT6 (Liquids)**

Additional Analytical is being done to attempt to remove some of the Haz Waste Codes assigned due to matrix interferences. Once we are able to get this determination additional waste will be shipped offsite.

I will be offsite from 12/26 - 12/8 but can be reached by phone. I will be on Phone Duty. The OSC covering for my during my absence will be Warren Zehner.

Have a Happy Thanksgiving.
